03/02/2012	NIGHT WALK The Bollin Valley and Lindow Moss		SJ832816		Technical	5			Welcome to our second night walk of the Winter season. This time we will be walking along the Bollin Valley, and returning across Lindow Common, near Wilmslow, so will comprise of some woodland, riverside, farmland and track walking. We will be walking to the perimeter of the airport to the point where the River Bollin makes its way through a tunnel under runway 2. Whatever your views about the second runway, the tunnel is a magnificent and impressive structure, and I think viewing it in the dark will be a memorable experience. The walk will be slightly longer than our last one, and will probably take us a little over two hours, but I think if you enjoyed our last outing then the little bit extra will be well worth it this time. As last time, don't forget your head torches. Also, if it continues to be wet, then we will encounter some very boggy patches, so gaiters are advised. Start point:- Kings Road, Wilmslow. (Following Altrincham Road from Altrincham, (under the tunnels,) turn left approx, 100 metres past the Texaco station as you enter Wilmslow. This is Kings Road.)
